

Bryan Clarkson

After an emotional and physical struggle with dementia, Bryan passed away on 4th September 2018.

He was a fully qualified Director and a member of several bridge clubs in North Wales playing regularly at all of them until he was no longer able. He also enjoyed playing whilst on holiday in the US, often driving very long distances – which he also enjoyed - to attend a congress.

When Marie, his life partner and bridge partner, was President of WBU, Bryan visited every Bridge Club in Wales with her and supported her at all Welsh events - making many friend in the process.

He captained the N Wales team in the President's Cup and was delighted when the team won in 2014.

Bryan was a "gentle giant", courteous and polite to both his partners and opposition alike. This politeness was still evident up to the end.

Our sympathies go to Marie and his son Michael.

Funeral is Wednesday 19th September at 11.45 at Colwyn Bay Crematorium and afterwards at Colwyn Bay Cricket Club
