

# FIDENTIA INSURANCE BROKERS LTD

*PROTECTING CLUBS ACROSS THE UK*

Fidentia Insurance Brokers Ltd (FIBL) arrange Insurance on our 'Club Protection Scheme' for many clubs across the UK.

The Club Protection Scheme provides cover for Club activities and property, and has been specially designed to protect your Club activities against legal liabilities, loss of or damage to property, money or equipment, and costs incurred in hiring alternative premises if your normal venue is rendered unusable.

The policy offers financial protection to the committee as well as members against the legal costs involved in the event of a liability claim being made, either by another club member or the public. The cost of just denying liability can be very expensive. It is for this very reason that the majority of club committees have joined the scheme, identifying the need to insure against the substantial costs, time and effort incurred in defending their club against any potential claim.

## **Annual premium starting at £55 plus Insurance Premium Tax (IPT).**

If you would like further information or find out how you can join the scheme, please do not hesitate to contact us:
